Snow Tubing Rescheduled

Due to the heavy fog that we experienced on January 13th, Snow Tubing was cancelled and has been rescheduled for February 3rd. Please see all the details you need on this event at the New Pack Website:

Pack Website

Our pack website, <http://nvpack144.org> has been moved to a new host. **THANK YOU!!** to [Redacted] for hosting the website for the past year and a half.

The main page has been

redesigned just a little bit. The dens now go across the page rather than down the left-hand side, but other than this, the functionality is still the same. Click on the Den #s to go to each individual Den page.

For those of you who do not visit the site regularly, I urge you to do so. There are many useful links there for communicating the Pack activities – Calendar, Directions to Camp Trexler, Forms and Documents, Links, and access to past Newsletters.

One of the greatest new items is Picture Pro Gallery. You can view “photo albums” of different events with different dens, as well as the Pack. If you register as a user on the site, you can then “rate” any picture (from 1 star to 5 stars), add

comments, or send a picture as an “e-Card” to your family and relatives.
